Dear Mr. Mantzaros,

With pleasure we herewith comply with your wish to receive a reference letter...

From early 2012 until end 2013 our company worked on the refit/reconstruction of a FPSO called "EnQuest Producer".

In December 2012 Mr. Thanassis Mantzoros started acting as a paint inspector on this project. He was leading the painting quality team and was responsible for the planning/scheduling of the painting jobs on board. He had to supervise the surface application and to make sure the paint application quality.

While he was acting as a paint inspector he had to deal with

- Technical Inspections
- Daily reporting
- Paint quality evaluations
- Paint consumption controlling
- Coordination of work with the steel/piping/electric and hydraulic departments on board
- Coordination with the Owner's representatives and contractor teams

Mr. Mantzaros performed to our full satisfaction and we would definitely decide to do business with him again.

Sincerely yours,

**Blohm + Voss Repair GmbH**
