1st June 2018

To Whom It May Concern

International Paint Inspectors Ltd and Mr Athanassios Mantzoros, have taken part in our projects in Oman DD during the conversion of the vessels Olympic Luck, Olympic Lion, Olympic Leopard, Olympic Trophy, Olympic Trust and Olympic Target, as a subcontractor / owner's representative for painting, on behalf of Springfield Shipping Co Panama SA

During 2015 and 2016 they were involved in cargo tank and vessel's hull treatment and coating, acting and have to deal with:

Technical coating inspections

Daily reporting

Paint application quality evaluations

Controlling Paint consumption

Coordinating the work between steel, outfitting, piping construction and painting

Coordinating schedule of the project in cooperation with Owner's representatives and shipyard construction schedule.

Projects involved the upgrading of existing cargo tank coating, the fabrication and coating of steel deck blocks (abt 2000 MT of steel per vessel) as well as all deck outfitting and the treatment and coating of the hull with high performance antifouling paints.

Mr Mantzoros and his company have proved to be professionals in their kind of business, performing in high standards to the full satisfaction of his clients, completing all projects on time with excellent results. Their technical expertise, attention to detail and excellent work ethics are highly recommended.

Sincerely Yours

Spyros Tarasis
General Manager
