Reference: Thanassis Mantzoros

Mr. Thanassis Mantzoros has been working for NNG project as Coating Inspector/Specialist at Lykomitros premises from May 2021 to December 2022.

He monitored the Coating activities of Jacket Piles and carried out all the inspections.

Mr. Mantzoros was the reference person for one of the most important supplies and his professionalism and skills contributed to the success of the project.

He is definitely a professional that I would recommend for future projects.
